Register of interests

I have lived in Hampshire for 27 years and in Lovedean for over 20 years. My wife is a teacher in a local state school and our now grown up daughter and son both attended Horndean Technology College.

I am a Chartered Accountant and worked for an IT company for 25 years before taking early retirement. For the past ten years I have been the Chairman of a local Youth Football Club and I was also the Vice-Chairman of a local Garden Group for several years. I have recently joined the Horndean Biodiversity Group and I am looking forward to helping to achieve their aims of protecting our local environment and wildlife.

My other interests include travel, walking and photography. As a longtime resident of the Parish who values its environment and facilities I am keen to use my experience and the free time I now have to make a positive contribution to its future as a member of the Parish Council.
