Date 2022 Surface Treatment Season

Email

Dear Sir / Madam,

Carriageway Repairs in your street.

As part of the annual programme of works being undertaken by Operation Resilience, we will shortly be undertaking carriageway surface repairs in localised areas in your street, or the street leading to it. This is in preparation for a proposed surface treatment, which if undertaken, will be carried out during 2022. You will receive separate notification for this work.

The works are currently programmed to start within the next 3 weeks. **Yellow sign boards displaying dates and times will be erected at the works limits.** These will be updated as soon as possible in the event of any programme changes.

While the works are carried out, the road will be closed to vehicular traffic. Access for residents and businesses will be maintained wherever possible. Pedestrian access will always be available.

If you need to make a journey during the works, please allow a little extra time. Operatives stationed throughout the site will be happy to assist either by directing you via a diversion, or through the works via the safest route. In order to avoid potential injury or damage, please do not walk across the carriageway during the works unless directed by a member of the workforce.

In order to help us to complete the work as quickly as possible, please ensure that no vehicles are parked on the road on the days of the work. Please be aware any vehicles left parked on the road that prevent the works taking place, face the risk of being removed.
